## RESIDENTS OF EAST ALBANY ADDRESSED BY SPEAKERS WHO OPPOSE THE MERGER

Tidwell, Hardage, Eyster, Malone, Cook and Others Heard on the Hustings.

### CONSOLIDATION BILL IS BRANDED "DAMNABLE"

Lindsay Invites All Advocates of Greater City to Move to Decatur.

The anti-consolidationist meeting of last night was held at the east side, public school building, where what was looking in numbers was well made up in enthusiasm. Fifty-four were counted present by the time Col. Tennis Tidwell, who made the opening address, was well under way. Included in this number were the following leaders of the anti-consolidation movement from central Albany, Former Mayor A. A. Hardage, who acted as temporary chairman; E. M. Odum, B. L. Malone, S. L. Cook, John Patterson, Obe Lee, Ed. Berry, R. S. McMillon, F. F. Tidwell and David R. Lindsay, a former alderman of New Decatur, and possibly one or two others.

W. V. Davidson, who lives in East Albany, acted as permanent chairman, and introduced Col. Tidwell. This speaker's address was characteristic of its author. It was concise, to the point, able and earnest. Mr. Tidwell declared that it was the purpose of the pro-consolidationists in the first place to unite the cities of Albany and Decatur by legislative enactment. When balked in this, he said that a bill providing an election was drawn, but which gave Decatur as many representatives on the temporary board of aldermen as Albany. This bill, according to the speaker, was superseded by the present bill providing 9 votes for Albany and Decatur 5. But owing to the two-thirds majority provision contained, this last bill was more objectionable to the speaker than its predecessor. The speaker described the present consolidation bill as "damnable," to the entire approval of most of his hearers, who cheered the speaker heartily. Col. Tidwell dwelt especially on the danger to the schools as possibly being in consolidation. He said that some pro-consolidationists had said that the high school building should be near the gas plant or near the Carnegie Library. Col. Tidwell said that according to Postmaster T. H. Alexander, the 1920 census plans were so far matured that even in the event of consolidation, Albany's and Decatur's population would appear separately on the census.

Judge Eyster followed Col. Tidwell. One of the most enjoyed sallies of the Judge, was: "As the poet Tennyson has said: 'The river flows and the grass does grow and the Albany depot is sure to go.' The Judge asked his hearers if Milton H. Smith would ever allow the L. & N. depot to remain open and trains to stop where they now do, should there be only one town. Judge Eyster said that when the railroad got back to private ownership he expected that the Southern Railroad would lay tracks via Albany.

Judge S. L. Cook followed Judge Eyster. This speaker said that in the fifteen years he had been in the town he had sought to respond to every call of his fellow citizens. He said that the civil war cut short his educational plans and that he would not attempt the deep things as had the learned speakers who had preceded him but "would swim around in shallow water." Mr. Cook's address was full of wit and carefully arranged descriptions of his opponents, which created much merriment. He referred to the hue of Representative Lynne's hair amid hearty laughter. He also referred to Col. W. B. Edmondson, an active proponent of consolidation, in a humorous way. This speaker solemnly warned his hearers against the possibility of negroes being on the consolidated board of aldermen. He produced a book dating back to 1891 which he showed revealed the fact that a member of the darker race was on the street committee of the board of aldermen during that year. Mr. Cook said that to come under the provisions of the present consolidation bill was like having a knife thrust into the vitals of Albany. He exclaimed: "It is a covenant made in hatred and in league with the devil!"

The next address was by B. L. Malone, and it was in marked contrast to the side-splitting address of Mr. Cook. Mr. Malone was serious in his manner and was given closest attention. He referred to the ability of Decatur to unite among themselves and of their efforts to divide Albany.

## NUMBER 4 WRECKED; FOUR MEN INJURED

(International News Service.) NASHVILLE, Nov. 14.—When Cincinnati bound, L. & N. passenger train No. 4 rammed the rear end of a freight train as it was taking the siding at Edgewood, Tenn., 11 miles north of Nashville, early this morning, four men were injured.

They are: Mike Collins, engineer, Louisville, leg broken at knee; T. Henry Jackson, engineer, Nashville; internal injuries and bruises; E. N. Brown, fireman, Nashville, and C. S. Bryant, of Nashville, who received minor injuries. The engineers were brought to Nashville on a special train and carried to a local hospital.

## MCCLARY BADLY BURNED AS FUMES OF GAS EXPLODE

U. E. McClary, proprietor of the McClary Electric Company, was painfully burned and had a narrow escape from serious injury late yesterday afternoon when fumes of gasoline in the tank of his Ford car exploded under the inspiration of a match which he had struck for the purpose of exploring the container. Sweeping up the left side of his face, the flames mowed off his left eye lashes and eye brows seriously singed the right eye lashes and eye brows, burned away a portion of his hair, leaving a bald spot larger than a silver dollar, and left his face blistered and red. His eye-sight was not impaired, it was stated by Dr. F. P. Petty, to whose office, Mr. McClary hurried for medical attention.

"I had emptied the gas tank some minutes before and had given the fumes of gasoline plenty of time to escape, as I thought," Mr. McClary stated in describing the accident. "Thoroughly convinced that there was no danger, I then struck the match and attempted to look into the tank to locate a wrench that I had dropped while making some repairs. The explosion came like lightning, and but for the instinct that caused my eyes to close instantly, I fear that I would have lost the sight of one eye, at least."

The accident occurred in the alley back of the McClary company's offices on Johnston Street.

## BOND SALESMEN TO ARRIVE TODAY; WILL LAUNCH CAMPAIGN AT ONCE FOR BRIDGE

Expect to Have the Money Subscribed Within Thirty Day Period.

### TORRENCE CONFERRING WITH GOVERNMENT MEN

U. S. Engineers Are Expected Here to Look Over the Available Sites

Col. L. A. Dean and Calvin Trichnor, members of the syndicate which will sell the stock for the Limestone-Morgan bridge company, are expected to arrive here today to complete the preliminary plans for the campaign.

Wm. M. Torrence, another member of the syndicate, passed through here Thursday en route to Florence for a conference with government engineers there. He will return in a few days.

The campaign for sale of the stock will be opened as soon as all of the arrangements can be completed. The enthusiasm of the business men of the Tennessee valley, who have dreamed of a bridge across the Tennessee at Decatur-Albany, is very pronounced on the subject and it is expected the entire issue of stock can be sold in thirty days.

The specifications for the bridge call for a handsome structure of concrete and steel and while it is not thought likely that an interurban line will be built before the development of cheap electric current at Muscle Shoals, space will be provided in construction of the bridge for an electric inter-city line, connecting Huntsville, Albany-Decatur and the Tri-Cities.

The exact location of the bridge approaches has not been determined upon and is one of the questions which will be threshed out at Florence, in the conference of the government engineers and Mr. Torrence. It is probable that one or more of the engineers will come here to assist in the survey.

Completion of the bridge is expected by the end of 1920 and boosters of the project hope to have it open for traffic by January 1, 1921. It will open a wide trade territory for local merchants, will do much toward promoting the relations of Morgan and Limestone counties and will be a great aid to obtaining tourists, being in the Bee Line route of the Jackson highway, the North and South highway and the Muscle Shoals highway.

## North Alabama Has Year's First Frost

North Alabama this morning lay under a blanket of killing frost, according to reports received here today by Mrs. A. H. Irons, government observer. The thermometer went down to 25 above during the night and this morning ice was apparent in a few places.

The coal snap helped business in Albany and Decatur, many customers crowding the stores to lay in belated supplies of winter clothing, which they had neglected to look after while the weather remained warm.

The local show is the state show for Alabama, but in addition to drawing exhibits from the best poultry fanciers of the state, will have entries from many other states. During the past few weeks officials of the association have received inquiries from fanciers in nearly every state east of the Mississippi and several thousand birds are expected to be on exhibition here.

In addition to the cups and medals offered by the local association and the Alabama association, merchants of North Alabama have offered a number of other valuable and attractive prizes.

The show will be judged by H. P. Schwab, editor of a nationally circulated poultry journal, and one of the best known judges of poultry shows in America. The following are the officials of the association:

(International News Service.) WASHINGTON, Nov. 14.—Attorney general Palmer today was ready to bend every effort to see that conditions in the coal fields do not lead to a trouble while the conference of miners' officials and mine operators is in session.

The department of justice was investigating reported overt acts by both the miners and the operators. The attorney general gave intimation that inquiry would be made of charges that miners returning to their work in Alabama were being discharged because they had gone on a strike. Instructions for investigations were also given concerning reports that union miners in Illinois had driven care takers from the mines.

**VOTE FOR THE GOOD ROADS BOND ISSUE**

**WILL MORGAN COUNTY VOTERS BE DISFRANCHISED?**

With the important elections of next year looming up, including the choosing of a chief magistrate for the nation, Morgan county finds itself without adequate registration machinery. This is due to the fact that Mr. A. G. Wilhite, the registrar, resigned some months ago and his successor has not been appointed by Governor Kilby, despite the fact that the executive has named almost a majority of the other office holders of the county. Governor Kilby probably overlooked this appointment for the reason that there were no applicants for the place, which is not a remunerative one, and stood convinced that some aspirant would bring the matter to his attention.

The reasons why there is no registrar are not so important. The big issue right now is whether a registrar will be appointed in time to conduct the registration. The statutes require that the registrar must visit each precinct in the county, giving twenty days notice of his appearance, and must also remain at the county site for five days of next year, beginning January 1. It is obvious that if the appointment should be made at once, that there would not be time left to fully comply with the law. If there is any further procrastination, many voters will be disfranchised. The Alabama registration law is far from ideal under any conditions; it is a burden under present circumstances.

Next year is to be one of the biggest political years in the history of America. Great issues are to be decided at the ballot box. A president of the United States is to be chosen, with a probability that a labor party will be in the field and new alignments will be formed. It is the duty as well as the privilege of the electors to qualify, and it will be little short of a calamity if the sturdy sons of Morgan county, especially those who went forth to the camps and trenches to preserve American ideals and institutions, are deprived of their inalienable right to vote. Something must be done at once.

**AMERICAN PUBLIC AND THE SMALL NEWSPAPER**

Some day, when our great nation has progressed many leagues toward Utopia, to the American public is coming a great awakening. And in the wisdom of their knowledge, the American public at least that fraction of it which reads, enjoys and depends on the small newspaper, will arise and call the owners and makers of the "home sheets" blessed.

For some time before the entry of America into the world conflict, the smaller newspapers of the United States were facing a serious paper crisis. The cost of white paper already had started soaring. During the dark days of the conflict, the crisis became more acute. Upon the signing of the armistice, many there were who hoped for early relief, but now the situation is even more menacing.

White paper practically is impossible to obtain. The price has gone up and up and up. It has doubled and trebled, but still the supply is short. The question of price has almost ceased to become a consideration. Naturally the cost of labor has advanced, as it has in other industries. The cost of every article entering into every paper's make-up has more than doubled and in many cases trebled.

But the remarkable feature is that yet many of the papers, and The Daily

is one of them, deliver the paper, to the reader at the same cost of five and six years ago. Considering the increased circulation that came to many of the papers during the war (and The Daily is one of them) because the public demanded to be informed of the progress of American arms, the advertising rates are little higher than they formerly were.

Can any other industry show the same clean slate of square dealing with the public? Some day the American public will appreciate that.

**NEW PARTY'S EFFECT ON POLITICAL WORLD**

What effect will the organization of a new labor party, as predicted by John Fitzpatrick, president of the Chicago Federation of Labor, have on the next presidential race no doubt was puzzling more than one political mind last night.

According to Fitzpatrick's announcement 20,000 delegates will meet in Chicago, November 22 to complete plans for launching the national labor ticket. The Chicago conference may be held and the new national party organized and launched on the turbulent political seas. These things may be done, and the new party may cause a great deal of worry for the Republican elephant and the Democratic donkey, but the time is far distant when the latest aspirant for political reward can hope for success

is large quantities.

Aside from a few scattering districts, labor is not yet strong enough to elect officials on a straight labor ticket. In most of them, labor's greatest influence is felt by alignment with one or the other of the two most powerful parties. Most of the leaders realize that. Labor frequently is the "balance of power."

Formation of a new party of its own costs labor that strategic situation. Whether labor attains a better one remains to be seen.

### Residents of East Albany Addressed

(Continued from Page 1.)

The speaker said that he had been in Albany 31 years and that he was one of its citizens who had never been divided in his loyalty to his adopted town. He said that as a boy he worked as a laborer, as a delivery boy, that he helped haul the material that went into the building of the L. & N. shops, that he had worked as a switchman for the L. & N., and had through it all sought to give the town the best he had. He said that on the school board he had worked for years without compensation, and that he felt a deep concern for the success of the schools and feared for their future if consolidation should come. This speaker said he had never known Decatur to seek to aid Albany in all his long experience.

"We have been wonderfully blessed in growth and advancement, now why should we let others seek to carry things higher?" The speaker spoke of the mayor under the consolidation bill as "a designated mayor," declaring that he had power to veto anything that the temporary council might try to do.

"Why not continue to make our town what it ought to be," declared the speaker with earnestness. Two minutes of his time only, sufficed for Mr. Malone to raise \$50.00 as a gift from the city to the East Side Public School.

Lindsay Vitrolle  
David R. Lindsay, a traveling salesman, and who was at one time an alderman of New Decatur, followed Mr. Malone. This speaker said among other things that large numbers of inhabitants were not necessary to make a city attractive to investors. As Col. Tidwell, and other speakers had done, Mr. Lindsay warned against the possibility of Albany standards being lowered by amalgamation with Decatur. Toward the last of his address Mr. Lindsay declared: "We are happy, contented and satisfied with ourselves. Let them go on over there and live if they may and we will be glad of it. If they die we will not regret it."

At the close of his address Mr. Lindsay repeatedly asked any one who would, to state a reason in favor of the consolidation of the two towns. After no one spoke, a vote was taken.

### NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's—Advertisement.

### LOST YOUR PEP? WANT IT BACK?

Your Liver, Kidneys and Blood—the Tripod of Health—Need Attention With Dr. Hitchcock's Liver, Kidney & Blood Powders.

A Vegetable Compound. Will Not Make You Sick. Eat Anything You Like. Will Keep Your Tripod of Health in Balance.

A lazy liver means a lazy man. It also indicates that your kidneys and blood are suffering in sympathy with your liver. To simply purge the liver isn't sufficient—you are only treating a third of your trouble—the only way to get back that lost pep is to treat the kidneys and blood also.

If you are constipated, suffer from indigestion, gas, sour stomach, biliousness and an occasional touch of rheumatism, don't blame it all on your liver and simply take a laxative, but try Dr. Hitchcock's Liver, Kidney & Blood Powders and not only tone up the liver, but stimulate the kidneys to healthy action, thus purifying the blood.

25 cents will buy a large tin box at your druggist, with a guarantee of satisfactory results or your money refunded. Take a teaspoonful tonight and it will straighten you out by morning. If your druggist can not supply you, send his name and address to the Hitchcock Medicine Co., Atlanta, Ga., and you will receive a sample free for your trouble.—Advertisement.

GIRLS! DRAW A

MOIST CLOTH  
THROUGH HAIR

Let "Danderine" save your  
hair and double  
its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.—Advertisement.

### NOT SICK AND NOT WELL

In The Peculiar Situation Described,  
ZIRON Iron Tonic Is Found Helpful.

It often happens that the organs of your body do not function properly, for some reason or other. There is nothing really wrong and you are not sick. But certainly you are not well, either.

If you are in such a condition, read what Mr. Wm. M. Bass, Rt. 1, Crossville, Ala., did, and try Ziron Iron Tonic, as he did. Mr. Bass says: "I am nearly always pretty well and strong and do not need much medicine excepting for headaches. But, recently, when I had not been feeling very well for a while, I knew I needed some sort of medicine to make me all right."

I took Ziron and it made me strong and well again."

Ziron puts iron into the blood, and, by doing this, may prevent a serious attack of illness, which you are liable to "catch" at any time if your system is weakened or your condition below par.

Ziron has well proven its value as a tonic. Try it when you feel the least bit out of sorts, not quite as good as usual, tired and weary.

Your druggist sells Ziron on a money-back guarantee. ZN 19

cons for consolidation would be conferred a favor, after getting special permission from Mr. Hardage, who is chairman of the anti-consolidationists. J. E. Blair, alone of those present consented to give reasons in favor of consolidation. This speaker said that when years ago opponents of consolidation told him that the law was that he would never be elected, he had never abused anti-consolidationists but had urged one "fatal error" against their stand, viz. that they lacked the right kind of faith. Attention was called to the fact that the ten realistic spies other than Caleb and Joshua, were honorable men, or else they would never have been charged with the responsibility of spying out the Promised land for their compatriots—but for their "fatal error" of lack of faith. This lack prevented them from lining up with bold Joshua and Caleb, who told the people "we are able to take the land" and were strong and of a good courage. This speaker said that Albany people, calling the names of such men as B. L. Malone and others who has the good will of all and the pep and business ability to do things in a big way—were perfectly able to out-vote Decatur on both the temporary and permanent councils. And that he had faith to believe that the Decatur minority would respect the Albany majority, and not seek to use in a destructive way the two thirds vote provision of the consolidation bill, in the temporary council.

He declared that he believed the Decatur councilmen would respect the judgment of the U. S. school experts in the placing of the new high school building. This speaker urged that it was the duty (if Decatur was delinquent in any respect) to seek to help Decatur, and not draw away for fear of contamination. Those present were urged not to make up their minds as to how to vote until they had heard the pro-consolidation side of the matter from more competent men than himself.

Duty to Prosperity  
When about to resume his scat on repeated requests, especially from E. D. Berry, that before taking his seat the speaker give reasons for consolidation, the speaker said: "Well Ed, first, children of rising generation should not be raised in the spirit of distrust, such as is engendered by the kind of rivalry as now exists."

When many protested from the audience that it was impossible by consolidation to allay this feeling, the speaker said that were it granted that the towns had not been generous in the past, that once their interests were identical harmony would prevail. And the truth, "as thick as thieves" was cited to show how a common interest would unite any kind of people.

### I WISH EVERYBODY COULD KNOW

Suffered From Acute Indigestion, Gastritis, Constipation, Headaches and Other Troubles, Which Drego, the Herbal Remedy, Overcame.

"This is the first remedy I have ever found that did me any good," states Mr. O. R. Booker of Route 1, Gadsden, Ala. "I admit that when I began taking Drego I had no confidence in it, for I had already tried so many of them, but the improvement is so marked that I am convinced of its merits. I used to suffer from gas on my stomach and bowels after eating; I would be all bloated up and very uncomfortable. My bowels were constipated. I was bilious and had to be taking medicine constantly. My appetite was poor, and I became extremely nervous so that I could not sleep much."

"I have taken a treatment of Drego, and now my stomach digests the food without those distressing after-effects I used to have, such as pains, uneasy feeling, belching and gas. My appetite has increased; I sleep sound; my bowels act regularly every day, and I have no more backache nor dizziness. You have my permission to publish this letter."

It has become a custom with many persons to take a good system tonic each year, something that cleans out the system, purifies the blood, gets the liver and kidneys in good shape and tones up the stomach. Such a tonic is Drego. Being made of roots, herbs, barks, berries and leaves from medicinal herbal plants, it is truly Nature's own remedy, and that it really accomplishes these results is proved by the many endorsements given. It is well known and reliable people.

Drego is sold by all druggists and is highly recommended in this city by

## AMUSEMENTS

### FILIPINO SERENADERS ARE COMING HERE

Domingo's Filipino Serenaders, direct from Manila and their first American tour is the attraction at the Masonic theatre Monday, Nov. 17, presenting the big musical South Sea Island Fantasy, "A Night in the Philippines," with all special scenery and electrical effects. Each and every member of the company is a native Filipino and Mr. Domingo made a special trip to Manila and selected a company of artists and since their tour started in this country it has been the biggest success of any attraction of any kind that has ever

toured this country. The company is under the personal direction of Mr. Domingo and you will hear their haunting Filipino and Hawaiian melodies, suggesting the love and romance of life in the languorous Paradise of the Pacific. Since coming to this country five years ago, Mr. Domingo has played with some of the greatest musicians in the country. Maud Powell said: "It will only be a short time until he will be recognized as the world's greatest violinist." In bringing this company to this country it is Mr. Domingo's ambition to travel and be introduced to the American people to show them what the Filipino looks like. Filipinos love music, flowers, art and so on, they have plenty of speed in their adopted profession and they believe in American system.

It isn't necessary to go to the Philippines to see them. They will appear in your city and this will be your only chance to see them. Another big feature is Minda, Filipino and Hawaiian dancer.

This demonstration will be interesting to young and old alike. When you hear the history of the PATHE, hear the PATHE play right along with other machines costing much more than the PATHE, it will be the best chance you have ever had, or ever will have, to see and hear for yourself all the standard makes of machines played at one demonstration.

COME SEE FOR YOURSELF, WE LEAVE IT TO YOU TO JUDGE the tonal qualities, and not one time will you hear us try to boost the PATHE. We will leave that to you.

WE ALSO CARRY THE FORBES LINE OF PIANOS. AND WILL SHOW THESE INSTRUMENTS along with the PATHE demonstration. VALUABLE PRESENTS GIVEN TO ALL WHO WITNESS THIS DEMONSTRATION.

# No Needles to Change! Plays All Makes of Records

### 6 ADVANTAGES IN A JEWELLED Pathe

- 1 The Full Clear Tone of each individually toned instrument is produced by the clear and pure tone chamber and the famous Pathe Sapphire Ball. The music flows from the records; isn't scratched off.
- 2 No Needles to Change. On a jewelled Pathe. The Sapphire Ball never wears out.
- 3 Plays All Makes of Records, and plays them better.
- 4 Records Do Not Wear Out. Every Pathe record is guaranteed to play 1000 times.
- 5 Always Ready to Play as soon as you slip on a record.
- 6 The Pathe Controls enables you to play any record loudly or softly with the same Sapphire Ball. Yet the Pathe costs no more than an ordinary phonograph.

AND the Pathe has ALL the features of all other talking machines.

### THE ONE GREATEST THING

you can buy in a phonograph

You're going to buy a phonograph. All right—which?

Well, what do you want in a phonograph anyway? Pleasure, first. TONE—always! But mainly the pleasure you get out of it.

Right? All right—then the Pathe is your phonograph.

Even if it were no better in tone than all the others—the elimination of the changing of needles would be enough.

If its tone were merely as good as all the others—the fact that the record does not wear out would be enough.

But it's plain as daylight that a ball of sapphire, jewel-polished under the microscope and fitting perfectly into the half-circle of the sound-groove along which it smoothly beautifully glides, is bound to produce a TONE of purer quality than any you have ever known before.

Hear the Pathe  
That will decide!

### THE Pathe

in the excellence of tone, in the beauty of cabinet design, in the finish of the woods, and in the care of assembling, is the most perfect phonograph that human skill and genius can produce.

The Pathe Sapphire Ball which does away with old-fashioned steel needles glides smoothly around the record like a drop of water. This round polished jewel fits exactly into every record groove and accurately reproduces every shading of the selection. The music flows off; isn't scratched off. No needles to change; no needles to buy; always ready to play. No wear on the records; every Pathe record is guaranteed to play 1000 times.

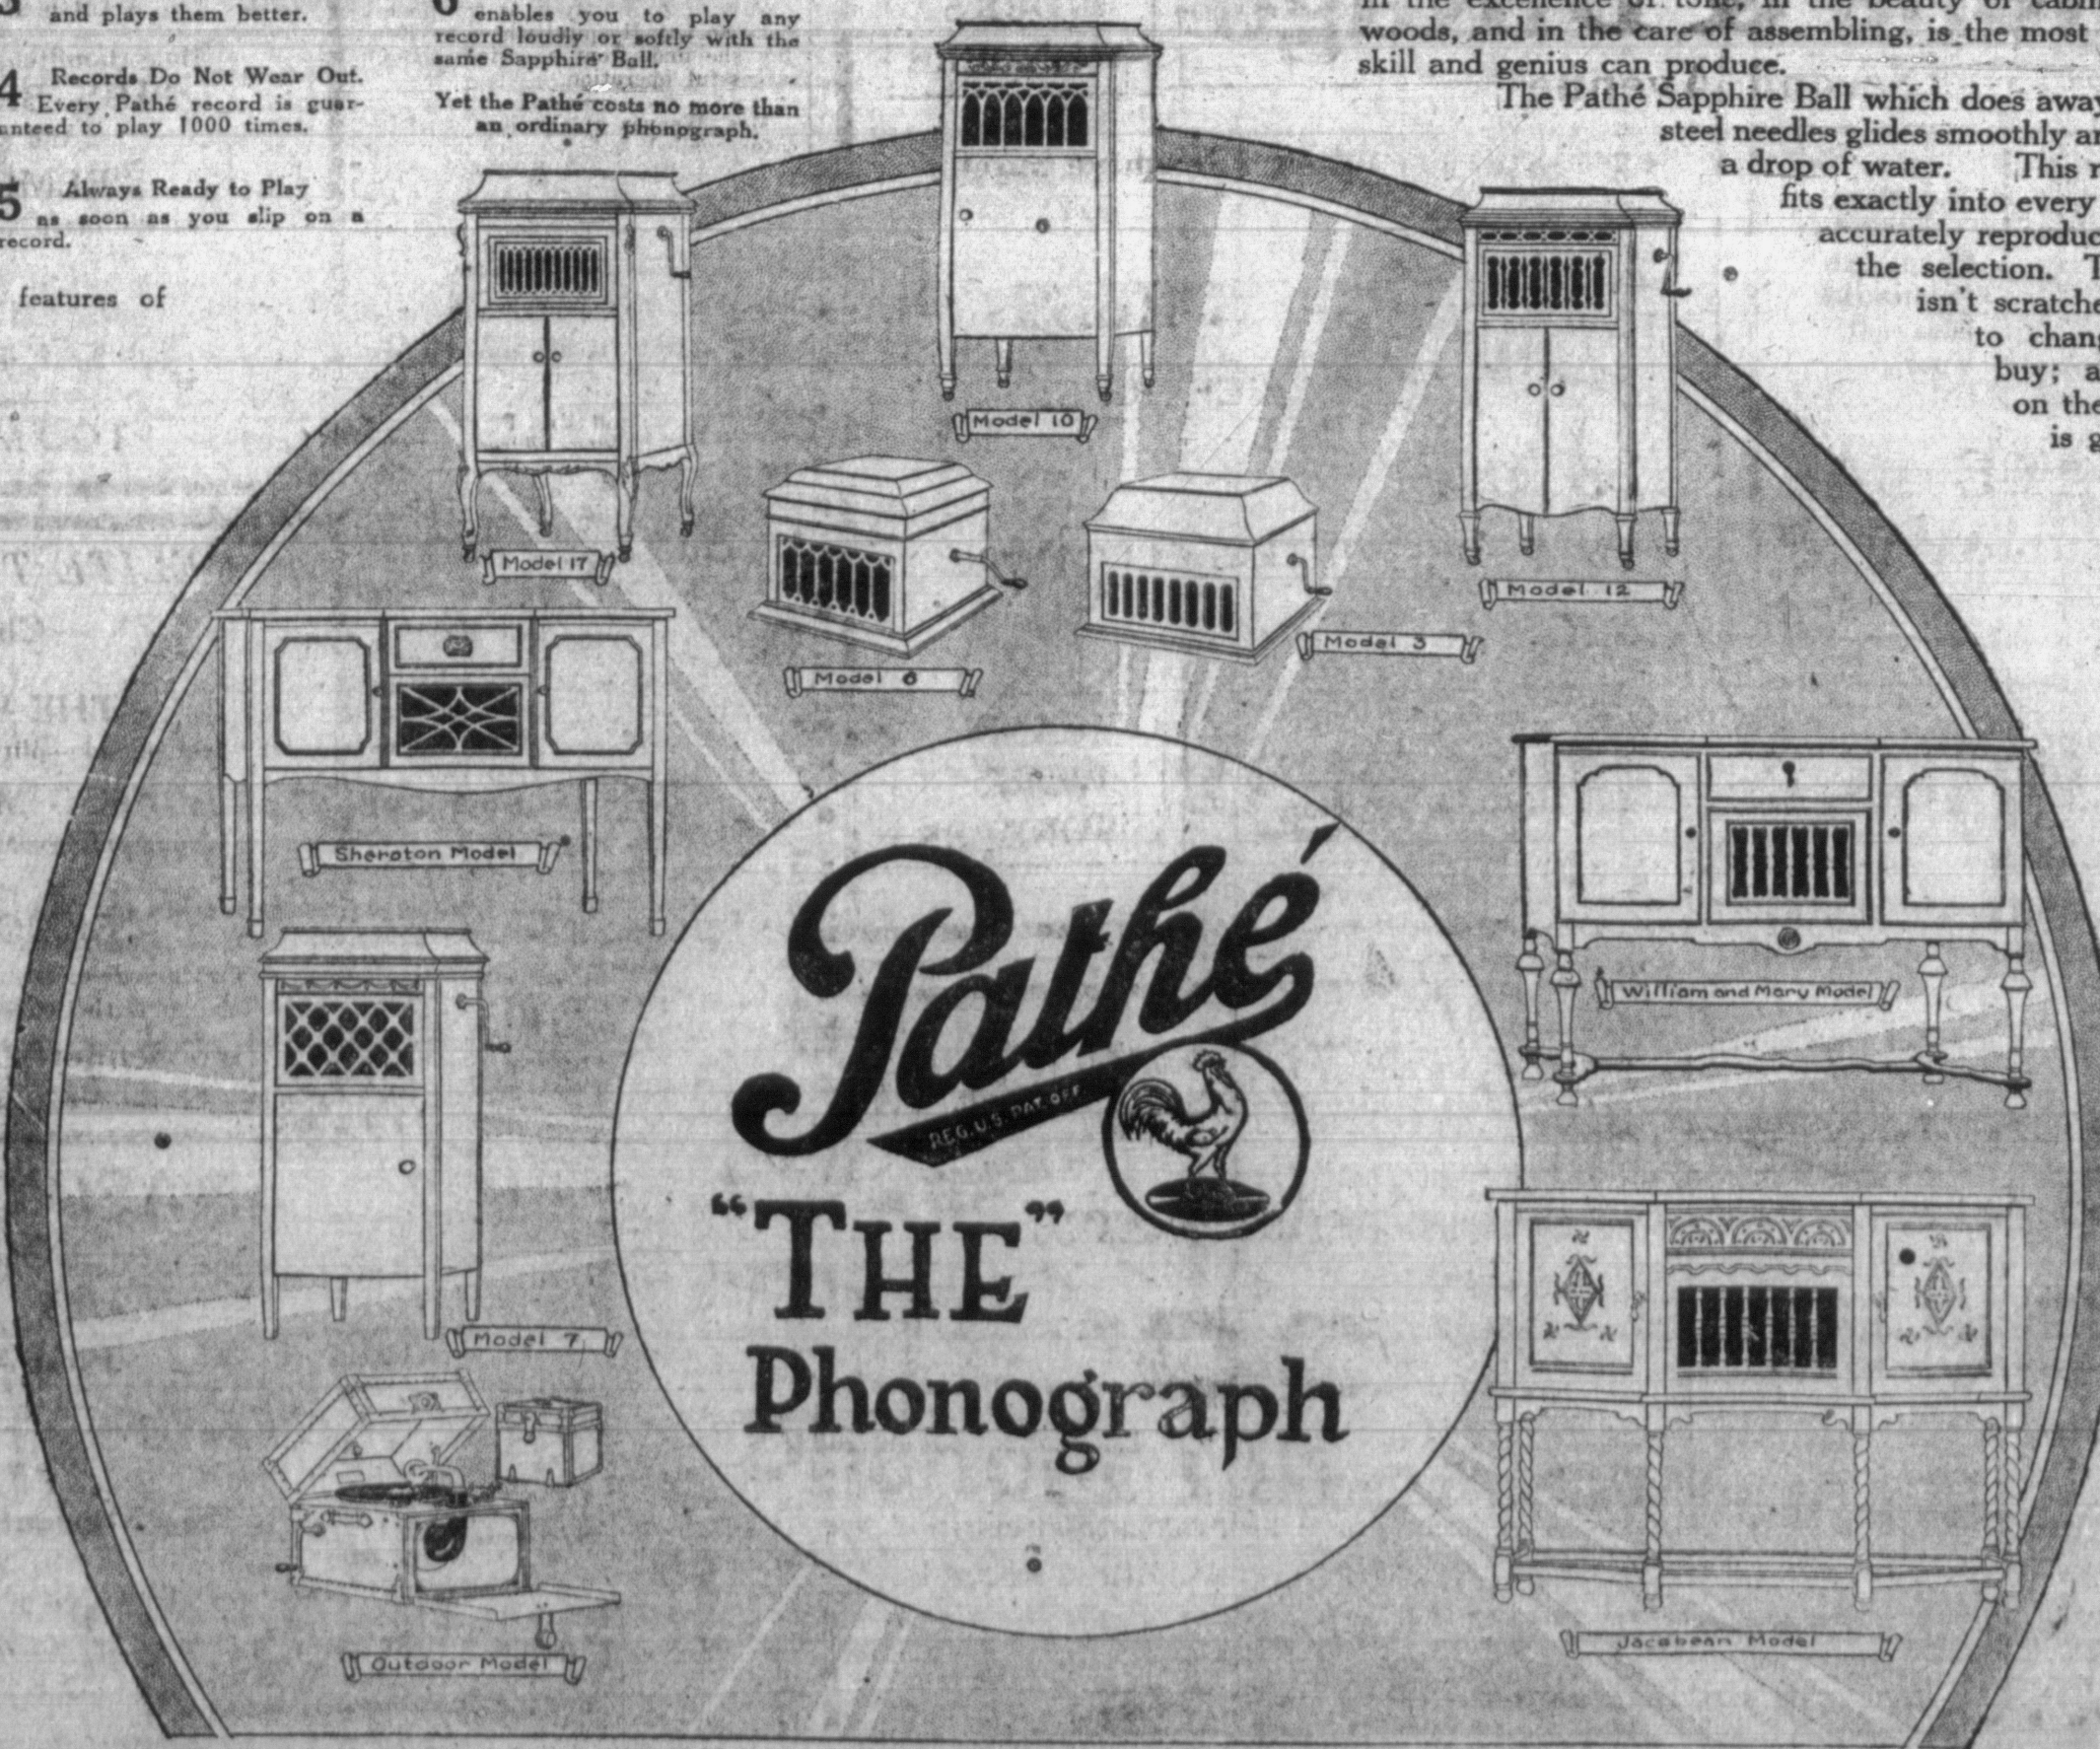

### THE FAMOUS ARTISTS

of Europe and America are making records for Pathe, because they know that only on Pathe records are they sure that every shading and every expression of the selections as they interpret them, are faithfully reproduced. You can hear the best songs and opera arias, the popular marches and symphonies on Pathe records.

Keep up with Broadway. Pathe has the latest hits first and best; the new songs that Broadway is whistling; the popular one-step, jazz and fox trot. The best orchestration of the new songs, and the most unusual novelties are always found on Pathe records.

And remember—every Pathe record is guaranteed to play 1000 times.

Pathe Costs  
No More  
than the ordinary phonograph

## How to Keep Baby Smiling and Well

See that the daily functions are regular and normal

YOU can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice these symptoms of constipation, you will usually find constipation is responsible.

Perhaps they have missed that daily function so necessary to comfort and health. Look at the tongue and see if the breath is bad. Watch for belching. These are the tell-tale symptoms of constipation. Tonight give a little of Dr. Caldwell's Syrup Pepsin, which you can buy at any drug store for 50c and \$1 a large bottle, and it will act in the morning and the troublesome symptoms promptly disappear.

## ALBANY TEAM OFF FOR 'NITRATE CITY'

The Albany high school football team, accompanied by a number of students, left at 11 o'clock this morning to meet Sheffield on the latter's gridiron this afternoon in what promises to be one of the most bitterly fought games of the local schedule.

Sheffield, early in the season, was considered a strong contender for the title of North Alabama high school champions. Their winning streak has included every team they have met, with the exception of Albany. Coach Templeton's purple jerseyed crew defeated Sheffield here several weeks ago 13-0 in the priciest game of the season here. Sheffield has shifted her line up since her appearance here, Olin, formerly a lineman, taking a backfield position. It is claimed he is one of the best round gainers in high school circles and the duel between Olin and Carr will be watched with much interest.

## TODAY

Faith, the Comforter. Constitutional Rights. One Hour Worth One Day. Prosperity and Manhood.

(By Arthur Brisbane.)

Ella Wheeler Wilcox is dead; millions mourn the loss of a friend and an inspiration. She was an enthusiast and made others enthusiastic. She felt strongly and made others do the same. She accumulated fame, money, praise. But what she valued, what made her happy was FAITH. She lost her husband, and firmly believed that she would see him and live with him again. It was that, not her success, that brought happiness in late years.

You may say of Faith, the comforter, what Voltaire said of God: If there had not been any it would have been necessary to invent one. Human beings could not have done without.

Living cost is higher, wages also higher, although that is not mentioned so often. A hundred years ago in this country there was just one man able to earn a dollar a day all the year round. Now there are millions earning one dollar an hour. It is not much exaggeration to say that, in money, an hour of an American workman's time is worth about as much now as a whole twelve-hour day used to be worth. That is progress.
